Premier Planning & Management Consulting is a management consulting company that is focused upon and committed to providing substantial improvements and staffing solutions to your operations by adding value to your organization. We will achieve these objectives through an approach that will utilize process innovations, technology as both an enabler and implementer, and best-in-class project management methodologies. We will work with the management of corporations and governmental agencies to maximize value to the stakeholders (clients, employees, shareholders, business partners, communities). With our commitment to a high level of personal integrity and business ethics, we will strive to provide optimal solutions to our clients' business needs.

## SERVICE OFFERINGS:

- BUSINESS PROCESS REENGINEERING
- PROJECT MANAGEMENT
- CHANGE MANAGEMENT
- SYSTEM INTEGRATION
- STAFF AUGMENTATION

### *BUSINESS PROCESS REENGINEERING*

Companies are facing unique challenges and opportunities. The world as we know it today is shrinking as operations and information are global. The way of doing business is changing as organizations are shifting into new business models. In order to maintain a competitive advantage, it may be necessary to reengineer business processes. Premier Planning and Management Consulting is poised to be your business partner as you seek to improve your business and take it to the next level. Premier Planning and Management Consulting can assist your company to develop growth strategies using the following:

- Business Process Innovations
- Business Planning & Analysis
- Business Process Analysis
- Financial Analysis

### *PROJECT MANAGEMENT*

Studies have revealed that approximately 35% of projects are unsuccessful due to poor, or the complete lack of, effective planning and project administration. Companies have spent an inordinate amount of time, valuable employee resources, and financial resources on business projects that have not contributed to their bottom line. Premier Planning & Management Consulting offers corporations, governmental agencies, and small to medium businesses a reliable, high-quality alternative to in-house resources for project management. Premier Planning & Management Consulting provides project management expertise in the following areas:

- Initiation
- Planning
- Execution
- Controlling
- Budget Tracking
- Project Closure

### *CHANGE MANAGEMENT*

Planning and managing change, both culturally and technologically, will be one of the most challenging elements of a project. Understanding the key areas of change management and the associated traps and pitfalls others have encountered is critical to your success. Premier Planning and Management Consulting's toolkit contains templates and guidelines to help you effectively employ a change management plan. Our assessment tools and guidelines will help you develop and implement an effective change management strategy.

### *SYSTEM INTEGRATION*

We have a broad range of expertise and proven experience integrating comprehensive, interoperable systems across multiple platforms. We deliver tangible solutions for integrating and customizing applications that provide clear alignment with business requirements and organizational policies/structures needed to support the proposed changes. Premier Planning and Management Consulting utilizes the following methodology for successful system integration:

- Planning, feasibility study
- Systems analysis, requirements definition
- Systems design
- Implementation
- Integration and testing
- Acceptance, installation, deployment

### *STAFF AUGMENTATION*

Premier Planning and Management Consulting provides Temporary, Temporary-to-Hire, Direct Hire, and On-Site Management solutions. Our staffing solutions will deliver the correct skill-set and the appropriate fit for your organization. Some of the positions we staff are as follows:

- Accountants - CPA
- Project Managers - PMP Certified
- Project Leaders
- Project Coordinators
- Engineers
- Programmer / Analysts
- Business Analysts
- Database Administrators
- Developers
- System Administrators
- QA Analysts
